HACKSAW MACHINES

	○	□
90°	150	150x150
45°	105	105x150

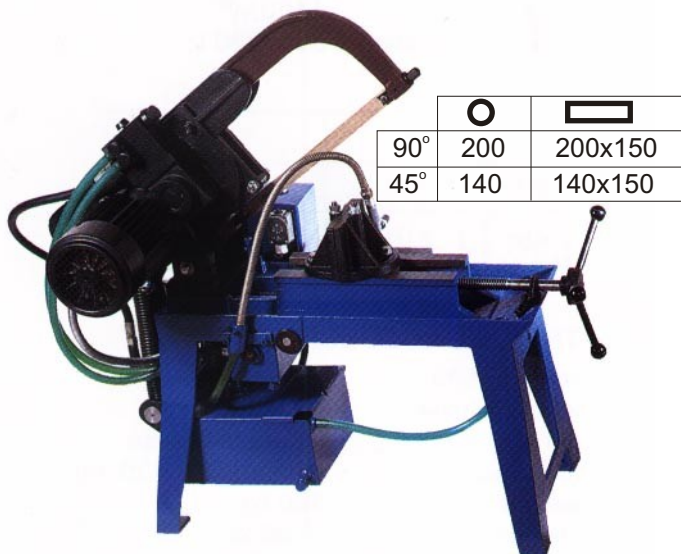

PR 150

A hacksaw machine is suitable for craftsmen as well as for small enterprises due to its construction.

Technical specification

-sawing plate	300x25x1,5 mm
-length of raise	98 mm
-dimension (hwxl)	450x360x800 mm
-weight	65 kg
-electrical power	250 W
-voltage	380/220 V
-engine speed	1 410 /min.

	○	□
90°	200	200x150
45°	140	140x150

PRH 200

Separating materials made of steel, colour metals and plastics with simple technology.

Technical specification

-sawing plate	400x32x2,0 mm
-length of raise	104 mm
-dimension (hwxl)	1100x770x970 mm
-weight	180kg
-electrical power	750W
-voltage	380/220 V
